

School Communication App

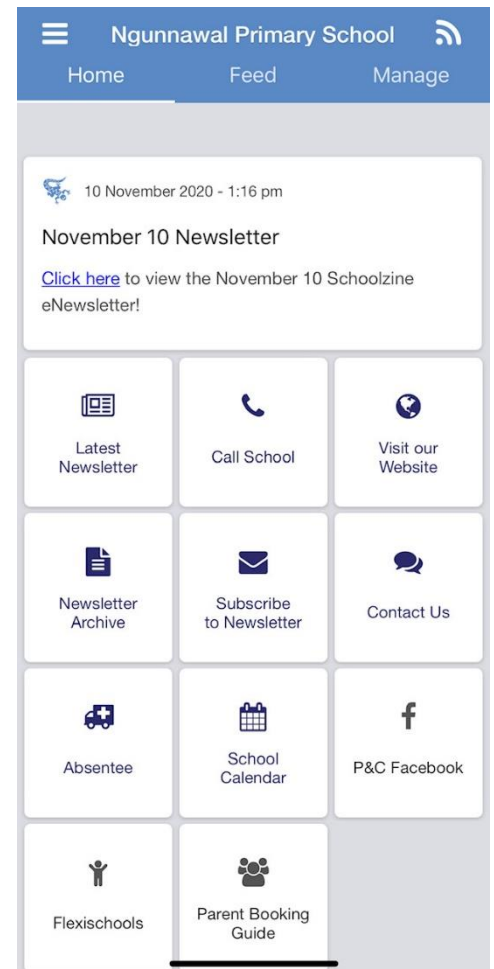

At Ngunnawal Primary School we use a mobile communication tool called SchoolZine or SZapp. It has many functions besides being a newsletter including:

- live school calendar
- booking system for meetings (Session Keeper)
- school news stream
- ticketing for events
- integration of social media
- important links in one location
- absence notifications button

By subscribing to the app (pictured right) you have access to all of these features and school information in one place.

For more information visit:

<https://www.schoolzine.com/szapp>

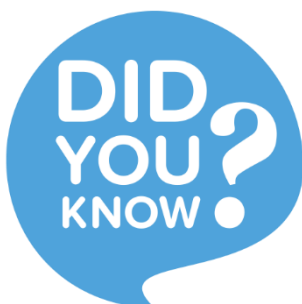

Download the app for android devices

https://play.google.com/store/apps/details?id=com.pidigi.schoolzine&hl=en_AU&gl=US

Download the app for apple devices

<https://apps.apple.com/au/app/szapp/id982105479>

The school newsletter can be translated into over 100 languages at the click of a button.
